

PRINT AND PLAY INSTRUCTIONS

You may print MixedNutsCards.pdf double sided and cut out all the cards.

However, we recommend printing MixedNutsCards.NoBacks.pdf single-sided. Cut out the cards, then sleeve each card with a standard playing card slipping in behind the paper to make the deck more manageable.

Players should have access to the rules (MixedNutsRules.pdf) and the card reference (CardReference.pdf): feel free to print but a digital version should be fine.

With that you are ready to go!
